Jokari Super 4 Plus Automatic Wire Stripper

I have been handing out the **Jokari Super 4 Plus Wire Strippers** to my maintenance technicians and mechanics to gather feedback and perform long-term testing. I enjoy watching the guys use the wire strippers for the first time. The response is always the same “wow!”.

To date, I have four pairs of Jokari in the field with the team, and I personally have a pair at home and at the office. The **Jokari Super 4 Plus** is my primary wire stripper at home, and at the office, they play runner-up to whatever stripper I’m testing at the moment. Presently I’m testing the [Weidmuller Stripax Wire Stripper](#). So far the Jokari wire strippers are a quality inexpensive success. Look for a review in the future.

It should also be noted that I believe the [Felo 62681 Automatic Wire Stripper](#), aka “The Red Dragon.” and the **Jokari Super 4 Plus** are the same tools, with the color being the significant difference.
