

Who Owns Your Favorite Tool Brands?

Who Owns Your Favorite Tool Brands and Where are They Made?

Tool brands tend to generate loyalty among users that approaches near cult status. Inevitably the conversation of “who makes it?”, “where is it made?”, “is it made in China?” and “is it made in the USA?” becomes a hot topic.

It can be funny when someone learns that their holy grail brand **Milwaukee Electric Tool** is owned by the same company that many professionals despise, **Ryobi**.

You will find that today most tool brands are part of a conglomerate of many well-known brands.

While some tools are “**Made in the USA,**” make no mistake at some level and are sourced of global parts and materials.
